

FS2 MOUSE CLUB

Term 5 – Week 5 (2025-2026)

Our Book of the Week

The children will be learning about mini-beasts who do not have legs or wings to help them move about! Our main story is 'Super Worm' by Julia Donaldson, though the children will also enjoy other stories including 'Snail Trail' by Ruth Brown and 'Norman the Slug with the Silly Shell' by Paul Linnet and Sue Hendra as well as a range of non-fiction books. Please click [here](#) to view 'Super Worm' and [here](#) for 'Norman the Snail with the Silly Shell'.

Our song of the week 'Wiggly Woo!'

(Click the [link](#))

There's a worm at the bottom of my garden,
And his name is Wiggly Woo.
There's a worm at the bottom of my garden,
And all that he can do is...
Wiggle all night and wiggle all day -
Whatever else the people say?
There's a worm at the bottom of my garden
And his name is Wiggly Woo!

Activities to try at home

You can make your own 'Superworm' models, using playdough or old colourful socks, or draw a picture of Superworm helping his friends

Follow the instructions to make a **wormery** – remember to look after your worms and put them back in the garden where they can be safe and thrive (click [here](#)).

World Bee Day is on Wednesday 20th May 2026, you could try some honey on toast at home - talk about the colour, smell and texture of the honey

- Click the [link](#) and scroll down to learn about the importance of bees
- Click the [link](#) and join in and sing along to this lovely bee song:
