

SHEFFIELD SEND SUPERHEROES

IN PARTNERSHIP WITH

SCHOOL GAMES

Sheffield SEND Superheroes is a campaign created by the Sheffield School Games Organisers to highlight the amazing achievement of Sheffield pupils with special educational needs and disabilities, and to celebrate what they CAN do in terms of sport and physical activity.

Whether your pupils engage in activity within their local club, at school or at home we want to hear about it and to see them in action.

We want pupils with SEND across the city to send us a video of them taking part in their favourite sport or physical activity, or a video of them telling us what they do and why they love it!

Upload a video using **#SheffieldSEnDSuperheroes** and tag **@yourschoolgames** as well as **@movemoresheff** to enter.

For every video we receive we will send out a medal and a certificate to all participants via their school. School staff, sports coaches or parents can submit videos via Twitter, Facebook or Instagram but don't forget to use the **#SheffieldSEnDSuperheroes** so we can see it, share it and get in contact!

This exciting opportunity will run from
2nd November 2020 until 18th December 2020.

We cannot wait to see all of the entries here in Sheffield, highlighting your amazing children and their love of being active, as well as celebrating their success.
