

ECaT Week 4 and Week 5: Cold Places

For our final two weeks of Term 3 we will be finding out about places in the world that are always cold and snowy – not just in the wintertime.

We will be looking at the animals that have adapted to living in such cold conditions and finding out interesting facts about them.

Our story this week is 'Lost and Found' by Oliver Jeffers.

We will also be using our class atlas and world maps to find out where the coldest places in our world are. Click the [link](#) to view the online version.

Our song of the week is 'Row, Row, Row Your Boat'

(1)
Row, row, row your boat
Gently down the stream
Merrily, merrily, merrily, merrily
Life is but a dream.

(3)
Row, row, row your boat
Gently down the river
If you see a polar bear
Don't forget to shiver.

(2)
Row, row, row your boat
Gently down the stream
If you see a crocodile
Don't forget to scream!

(3)
Row, row, row your boat
Across the reservoir
If you see a pirate, there
Stop and say ooo-arr!

Ideas to try at home:

- With a grown-up see if you can find out some interesting facts about polar animals.
- Do they live in the Arctic or the Antarctic?
- You could have a go at creating a picture or a junk model of an igloo.

Please share any of your home activities with us on Tapestry.

We love sharing the children's home news in class.

Our Makaton actions this week are boat, sea, winter and snow.

Boat

Sea
