Tapestry

The first group of Set 1 sounds have been added to the Memo section on Tapestry. Please **do not** look at more than one sound at a time. Each film takes approximately 10 minutes.

- ✓ Find a quiet space for you and your child to watch the film on a laptop or tablet.
- ✓ This is a fun activity to do with your child and not something to become a chore.
- ✓ Once you have looked at a sound video you could play games such as, **I-spy** etc to practice recognising words beginning with the sound they have learnt.
 - Remember to say I spy something beginning with the **SOUND** of the letter (not the letter name)
- ✓ Remember to praise your child as they join in with the lesson – make it fun!
