

Are you, or do you know an Undergraduate or Master's student?
Would they like the chance to earn £1365 for 3 weeks as an intern this June/July?
If so...please read on, share or click this link [Other Training — Sheffield SCITT](#)
(The programme will run in 2027 and 2028 too, so please share with anyone who may eventually qualify)

Internship Programme 2026

Our internship programme will run from 24th June to the 15th July 2026.

- The programme takes place across our partnership schools based in South Yorkshire, Chesterfield and Huddersfield.
- You'll need to be interested in teaching maths, physics, computing, chemistry, design and technology, or a modern foreign language (French, Spanish or German)
- They're available for university students who are either in their **second, third** or **final** year of an undergraduate degree, or studying towards a master's degree.
- You'll be paid £455 per week - £1365 for the entire Internship.
- You'll gain classroom experience, support pupils, shadow experienced teachers, observe lessons and lots more.
- Support after your internship to pursue your interest in teaching, including from the school and a dedicated adviser

Hear what our interns had to say about their time on the programme [here](#).

If you have any questions about our internship programme, please contact us at interns@hallamtsa.org.uk.

Our DfE funded subjects for this year are Mathematics, Physics, Chemistry, Computing, French, Spanish and German.

Please contact us if you are considering a career in teaching and would like us to help you get some real-life teaching experience in a school. These places are limited, you can apply using the link below. If you have any questions please contact admin@sheffieldscitt.org.uk.

It's a great opportunity for those genuinely wanting to teach, or those who simply may consider it.
